Mary

I received the f the NEW Trauma-Informed Academy catalog from Educational Impact along with the information below. This lists the **NEW Advanced Trauma courses** with descriptions. I thought this may be of interest. Please feel free to give me a call or email with any questions or to schedule a time we may get together for an overview.

The attached PowerPoint was originally created for a School Board Presentation. It provides an exception overview of the Trauma-Informed Academy. Also attached is the Trauma-Informed catalog/brochure and the full line PD catalog.

Visit the new Trauma-Informed web site http://www.educationalimpact.info/trauma/

Please give me a call or email with any questions or to schedule an overview.

I've updated the Trauma catalog to include the latest and greatest.

You'll see some new language

Basic Track (formerly Teacher Track)

- changed name to show a progression of skills and include a wider range of users. The courses can be used school-wide (teachers, paras, support workers, cafeteria workers, psychologists, etc.)

Advanced Track (NEW)

- to be taken after completion of Basic Track
- 5 new courses

Administrator Track (no change)

Parent Track (no change)
